

CO-Curricular/extra-curricular Activity

24
Date: - 05/06/2024 Time: - 11:00 AM Presents: -

Chief Guest/Mentors: - Dr. Sarika Kumari
(Principal)

Activity Topics - World Environment Day

Activity Details: -

All the trainee students and Assistant professor of our college participated in "World Environment Day" program organised at college campus on 05.06.2024.

24
Everyone participated in this programme and planted the plants at college campus. Our principal Dr. Sarika Kumari said that such types of programme must be done at individual level too because this is the need of hour as we are witnessing the global climate change.

Signature.....

The make this Programme successful all the NSS volunteers and Assistant Professor played an important role.

Conclusions:-

- To create awareness among students and public regarding Environment
- Everyone should plant atleast 5 trees/plants every year.
- Afforestation can slow down the process of global climate change.
