Report on World Environment Day

24.06.2024

Introduction:

World Environment Day (WED) is celebrated annually on June 5th to raise awareness about environmental issues and encourage global action to protect the planet. Established by the United Nations in 1972, it has become the largest international platform for environmental outreach, with participation from governments, organizations, and individuals worldwide.

After summer vacation on 24.05.2024 World Environment Day Organised by Eco club committee and N.S.S. of Swami Dharmabandhu college of Education. All Asst. Professor and trainees of session 2023-25 of our college participated "World Environment Day" program organized at college campus. Everyone participated in this program and planted the plants at college campus, College Principal Dr. Sarika Kumari said that such types of program must be done at individual level too because this is the need of the global climate change.

Objectives

- To create awareness among students regarding environment.
- Everyone should plant at least five (5) trees/plants every year.
- Afforestation can slow down the process of global climate change.
- Promotes individual and collective action to promote nature.

Conclusion:

World Environment Day serves as a reminder that protecting nature is a shared responsibility. Small individual efforts, combined with large-scale actions, can make a significant impact on the planet's health. By adopting eco-friendly habits and supporting environmental initiatives, we can ensure a greener and healthier future for generations to come.
